Country Day School Curriculum

**Extracurricular Activities:** Ash St. Shelter Dinner Coordinator

**Professional Involvement:** NAEYC Member

**Personal:** Kim resides in Nashua with her husband, Dave, daughter, Kristen. She enjoys reading and is an amusement park enthusiast and enjoys running.

**Educational Philosophy:** To provide the children under my care with many enriching and hands-on educational opportunities. To provide them with the tools they need for future success and give them a sense of empowerment in their core being. To help them achieve a strong sense of self and fill their minds and hearts with love and wonder. To be there when they need encouragement or a comforting hug. To celebrate their accomplishments and help them achieve success when they struggle towards a goal.

To provide guidance and support to the families in my class and keep them informed in all aspects of their child's' development. To make my classroom welcoming and open to all who would like to spend time observing and interacting with the children.
