

Netbook / Laptop

Dear Families,

The administration and teachers strongly recommend that each student in grades four through seven obtain a netbook or laptop to bring to school. The students will utilize the technology across the curriculum, which means that computer skills will be taught and reinforced throughout the day. The netbook or laptop should contain the following:

- Microsoft Word
- Microsoft Excel
- Microsoft PowerPoint
- Filter Software
- Wireless Internet
- Virus Protection
- Battery.

If a student doesn't have a computer, then they will be given the opportunity to use one within the school. If you have any questions or concerns, please contact Mrs. Dias at ldias@theworldschools.com. Thank you for your assistance.

Sincerely,

The Upper Elementary Team
