

# Campers, Yes, We Hear You!!!

The Summer of 2009 is not over yet – but we are already making plans for next summer! Our campers have made their requests and as a result we will be offering a new program for the Summer of 2010!

Next summer will feature 3 distinct groups of campers

- ❖ Campers Entering Kindergarten and Gr. 1 (Junior Itchie Owie)
- ❖ Campers Entering Grades 2-5 (Senior Itchie Owie)
- ❖ Campers Entering Grades 6-7 (Itchie Owie Wizards)

These new groups will allow us to address the unique needs and interests of each level with specialized schedules and activities for more fun in the summer sun! We will keep the best parts of our Jr & Sr IO programs, while incorporating camper requests. The new camp group -“The Wizards” (aptly named by our veteran camp gurus)- will have their own special counselor and will have the freedom to do a variety of activities that interest ‘Tweeners’. We are still in the early stages of planning, but some of the activities of interest include:

- |                   |                           |                     |
|-------------------|---------------------------|---------------------|
| - Boston Aquarium | - Nashua Defenders Game   | -Rocking Jellystone |
| - Water Country   | - Movie @ Chunky’s Cinema | Park sleepover      |
| - Fenway Park     | - Hampton Beach           | -Daily walks to Sky |
| - Boulder Morty’s | - SEE Science Museum      | Market with buds    |

Our campers will be instrumental in planning their own special activities and clubs. They will be able to experience the freedom their age desires, and move around camp, separate from other age groups, while being chaperoned by a caring, fun counselor! **This is a wonderful alternative for the oldest campers who just want to have another summer of fun without the responsibilities of being a CIT.**

More details will be forthcoming in January when re-registration begins!!! Your input is welcome as we continue to offer quality experiences for all of the ages and stages in our children’s lives. We hope you are having a great time at summer camp this year and are as excited as we are about next year’s updated program!!

Let the sun shine!!!!
